ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be

made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE. Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in

) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

- 1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. SEND BIDS AIRMAIL—IT PAYS.
- 2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.
- 3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and

insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

HOLLINBECK KAGIN COIN COMPANY

YOU WILL WANT A PRICE LIST OF THIS SALE TO KNOW WHAT COINS ARE BRINGING

PRICE LIST OF SALE \$1.00

IS THIS YOUR FIRST AUCTION CATALOG?

19th EDITION (1966) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION "TRENDS" & OTHER AUCTION RECORDS USED IN CATALOGING THIS SALE

Currency, scarce and rare gold, large cents, types, proofs and small cents seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable. The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG). In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeaver to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred fifty-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

395—1794 Lot 1410 of the 1962 Oct. Penn-Ohio slae described there as "Extremely Rare 1794. This coin is difficult to grade inasmuch as it appears to be well struck on the right side and weakly struck on the left side, as is characteristic of this date. If one were to grade by the head, this coin would warrant a grade of Extremely Fine. Over all, the coin is comparable to some I have seen offered at conventions as Very Fine. This too, has only happened on very few occasions as this is an extremely rare coin and only 40 to 45 coins are known to exist. In checking over the records, I find that the Atlanta A.N.A. in 1961 had an about fineobverse and a fine reverse which brought \$2600.00 . This is a much better coin. The owner said he paid \$3250.00 for it two years ago (1960). In checking over the prices that I could find over the past two years, Very Fine ones have sold for over \$5000.00." This coin fits Bolender's silver dollar (book issued in 1950) description of the 1794, "Usually found with the impression weak on lower part of date and the stars on left, and sometimes the border milling on left does not show up. The corresponding portion of reverse, especially th eword STATES, will therefore also appear weak. Very rare." Catalogs very fine. _____\$5,500.00

396—1794 'Spanish Milled Dollar'' (8 reales of Mexico) which actually circulated in the U.S. and was legal tender at the time; in fact, the U.S. dollar was specified to contain the same content as the "Spanish Milled Dollar" then circulating in the U.S. Have seen very fine specimens priced at \$50; this choice nearly uncirculated specimen should surely exceed 75.00 397-1795 B-1, 15 STARS, FLOWING HAIR, Two Leaves under eagle's wing, as in 1794, very fine. A popular "type" coin which should exceed its low catalog value of only _ 350.00 398-1795 B-6, Similar type but Three Leaves under eagle's wing, extremely fine with the reverse closer to the "about uncirculated" condition for which this specimen was acquired. Much scarcer than the above B-1 variety. RARE. Popular "type" coin. 650.00 399-1795 B-15, BUST TYPE, SMALLER EAGLE, nearly Uncirculated, tiny nick. RARE "TYPE" COIN. Only two die combinations used for this type in 1795 (B-14-15). Judging from its rarity and strong demand, the catalog value is somewhat low. Catalogs unc. too low at ____ 1,000.00 400-1796 B-4, Small date, LARGE LETTERS, golden Uncirculated with barest rubbing on eagle's breast and collar of bust. RARE. Catalogs too low unc. 1,100.00 402-1798 B-2, SMALL EAGLE, 13 STARS OBVERSE, extremely fine. VERY RARE TYPE as only the one die combination used! Greatly undervalued; should be worth at least 750.00 403-1798 B-13, LARGE HERALDIC EAGLE, 13 Stars, variety with only 10 AR-ROWS, extremely fine with some luster. 10C SILVER (DIMES) (Con't.)

25c PIECES (QUARTER-DOLLARS)

Not in the original coinage bill as it is not a true decimel coin but since the two-bit piece or 2 real (quarter of the 8 real or "Spanish Milled Dollar") was so deeply entrenched in the "Original 13 Colonies," custom prevailed and the 25c piece was substituted for the proposed 20c piece.

1629—1823 OVER 22, fair (worn but mostly legible) with FINE BOLD DATE. A TOP RARITY WITH ONLY "ABOUT A DOZEN OR SO SAID TO BE KNOWN." We note the outstanding "Century Sale" had a specimen described as "Abt. Fine. Evenly worn. An above average specimen of this famous rarity which, for some reason, is usually seen in only Fair or Good grades. In past years the 1823/2 was classed as one of the VERY RAR-EST of all United States coins which indeed it is. Sometime in the intervening years it has missed its rightful share of publicity; perhaps because the available grades are so low. An opportunity to acquire one of the prize coins of American numismatics." That coin realized \$1025; surely this specimen, while not the equal of that one, is worth a proportionate \$ 600.00 price, probably close to _____
